Diversions of the Smart Set. By MRS. JOHN A. LOGAN

class find so much pleasure in indusing in discipation of the worst form. Men and women have predilections that are incomprohensible. They have become satisfied with all legitimate amusements, and seem to enjoy only the tabooed diversions. Why men, calling themselves gentlemen, can enjoy seeing other menenter a ring and punch and pound each other until they are in no sense the image of the great Creator, in whose likeness they are supposed to have been made, is beyond one's comprehension. It is so barbarous and cruel that one feels that all of the savagery has not been ellining the from the race that is called civilized.

We read with horrer of the Romans.

class find so much pleasure in indulging

Figured Grass Mattings, carpet of-

We always have been, and always will be. The important thing is to make this life worth while.

The done, the others will be attended to afterward.

No matter what the majority of your physically, mentally and morally, as well as financially, as you choose to do.

All this will be more difficult for you. perhaps, than for some other. Or it may be caster according to your rise, it would not contain the world as the more difficult for you. Phaps, than for some other. Or it may be caster according to your right will be more difficult for you. Phaps, than for some other. Or it may be caster according to you rendered and your former conduct in other lives. If you came life in your shaps than for some well-rounded it will require more effort for you life become robust than for some well-rice become robust than for some robust and rounded and the make the world and robust the world cannot at our time that your right the work you will in the world with weak lumps and against
